

Board of Park Commissioners Approval Form

Rea Building
Flood Clean up
Project: 2023023
Project Approval Request

Scope of Work:

This project is due to the fire sprinkler system breaking apart on December 25, 2022. The work for this project will consist of removing any debris, setting up temporary containment plastic to achieve a tight drying chamber, the removal of any base molding and wallpaper in the room that has trapped moisture in wall cavities, applying an antimicrobial throughout the affected area, set up drying equipment in the temporary drying chamber, clean and also deodorize the affected areas.

Three reputable companies were contacted for this clean up and only one bid was received on behalf of the Board of Park Commissioners. Protechs Incorporated was the only bidder.

Board Approval:

At this time, I would like to request approval for a contract with Protechs Incorporated at a total cost of \$34,34,445.52, with the funding to come out of the Parks Cumulative Capital Funds.

The Fort Wayne Parks and Recreation and the Board of Park Commissioners met to host their regularly scheduled monthly Board meeting on **February 9, 2023**, to approve the above-referenced project and contract, in the amount of **\$34,445.52**

We, the Board of Park Commissioners, on the date stated do ATTEST, sign to the above-referenced and attached documents, and approve as presented.
